

BRAIN TANK

Brain Tank is a full-service marketing communications agency focused on highly competitive Ukrainian markets.

Brain is a new luxury

The Brain Tank individuality is an intellectual approach to creativity that provides business growth. That is why we work exclusively with the energetic and smart brands whose goal is to win.

Three reasons to choose Brain Tank

1. The agency unchanging managing staff can accumulate effective solutions and multiply decades of experience.
2. Stable motivation for achieving business results of clients, in spite of the process of endless search.
3. Integrated approach to marketing at all levels, enabling to predict out-of-the-box solutions, even in a challenging competitive environment.

How Brain Tank works?

• *Full-service operation marketing outsourcing*

Brain Tank is well up the daily maintenance of medium and long marketing cycles for successful companies.

This means that Brain Tank is organically integrated into MARCOM team of existing business or implements it, if necessary, by assuming the performance of the full operational activity circle to achieve marketing indicators that will satisfy the stakeholders.

• *Brand Development & Strategic Marketing*

Complex approach to communications at the brand level.

Due to collaboration with international companies and use of different approaches to brand formalization, Brain Tank has created an optimal model that allows to manage your strategic, tactical and operational needs simultaneously capturing all the required metrics.

• *Creative Execution & Production*

Realization of separate advertising campaigns.

Along with long-term cooperation, Brain Tank also uses a separate project approach, that allows to produce creative campaigns, integrated into all types of media, using in-depth insights of the audience.

We create our Clients' success stories
